

The PERFECT SERVE

HOUSE OF ELRICK
GIN

The PERFECT SERVE

House of Elrick is a premium gin that does not
rely on gimmickry or recycled ideas.

With so many ways to enjoy our gin we struggle to list them all, so we urge you to try it neat on the rocks to experience the slow release of flavours.

We understand at HoE this is not the norm! To appreciate this unique distilled gin, we suggest using a deep wine glass that will retain the aromas and unfold the bouquet of the botanicals.

Our Gin is sharp and dry, however when it comes to garnishing we invite you lean towards aromatic

orange zest served over either lemon or lime. The orange will accent the fragrance and intensify the rose and peppercorns notes.

HoE places importance on the aroma and the delicacies of our gin. We find a simple zest and a rimmed glass to be exquisite and much preferred to a slice, thus encouraging those to enjoy without a straw. This 'Perfect Serve' truly leaves those to complete this intriguing experience nose in glass.
